

Carolina Sousa

Technical Artist

[GitHub](#) • [Portfolio](#) • [Itch.io](#) • [LinkedIn](#) • carolina2004goncalves@gmail.com • +351 935 316 423 • PT - Faro

Junior **Technical Artist** dedicated to turning creative concepts into **functional, high-performance gameplay** realities. Seeking to deepen my experience in **Tools, Rigging & Animation, VFX & Gameplay programming**.

KEY SKILLS

- Unity | C#
- Blender | Maya
- Rigging & Animation
- Photoshop & Illustrator
- Unreal Engine | C++
- VFX | Shaders
- 3D Modelling & Texturing
- UI | UX

EDUCATION AND QUALIFICATIONS

TESSIDE UNIVERSITY | ETIC ALGARVE- Bachelor of Science in Games Development | GPA: 18/20 2024 - 2027

• Relevant curricular units: PM (19/20); 3D (19/20); UA (18/20); D&I (19/20); Prod (20/20)

RELEVANT EXPERIENCE

TECHNICAL ARTIST INTERN | ADEN INTERACTIVE

05/2026 - 08/2026

• Autonomously bridged programming and technical art by engineering a mobile **AR application** in Unity, optimizing rendering with URP, AR Foundation, and custom **HLSL shaders**. Architected a **standalone C# tool** featuring a 100% code-generated **custom UI** and precise **JSON data serialization**, culminating in **critical QA** to resolve gameplay softlocks.

PROJECTS

PROJECT MANAGER & TECHNICAL ARTIST | TABLE FOR TWO

03/2024 - 05/2026

• Directed the development of a Unity 6 **co-op time-management game**, acting as both **Lead Programmer** and **Technical Artist**. Programmed core gameplay loops, including **recipe validation** and **order management systems**, and engineered a dynamic **AI behavior tree system** for NPCs, enabling **state-based actions** driven by **real-time** order status and temporal constraints.

SOLO DEVELOPER & TECHNICAL ARTIST | HORIZON 86 | ERASMUS+

03/2024 - 05/2026

• Spearheaded the technical and artistic development of a **3D voxel puzzle game**. Established the **technical art pipeline** to seamlessly integrate **custom environments** and **root-motion animations**. Architected the **C# codebase** for all **core mechanics**, **resource systems**, and **UI**, delivering a cohesive prototype that bridges complex programming with **narrative-driven game design**. Game developed for ERASMUS+ challenge. Result: Won

EXTRACURRICULAR ACTIVITIES

BRACKEYS GAME JAM - Developed a **Survival Horror** game in 1 week - [Littlest Suspects](#).

08/2026

GLOBAL GAME JAM - Developed a **2D Pixel Art** Game in 48 hours | WON Best Art - [The Puppeteer](#).

01/2026

SCREAM GAME JAM - Developed a **3D Horror** Game in 2 weeks - [Jester](#).

10/2025

PREVIOUS/OTHER EXPERIENCE

MS Terapias – Part-time Massage Therapist - Working as a Massage therapist

12/2023 - Present

ERICEIRA SURF & SKATE - Merchandise Manager - Managed the visual layout of the Store

03/2023 - 11/2023
